

On March 7, 2011 the Italian training course addressed to people over 50 years old that are interested on the e-commerce has been started by UniTS, in cooperation of Seniores Italia and the trade union UIL Lazio. The course will last officially till the 2nd of May 2011, and includes theoretical modules on entrepreneurship, e-commerce and business plan, plus practical lessons on the use of the web platform Magento.

Participants in the course are 14 persons over 50 years old, both Italians and migrants. The course is taking place in Rome in Seniores' premises.
